The great practical utility of Phonography, shown by the following note from the Rev. J. S. Hays, suggests the inqury whether parents should withhold from their children so great a blessing. I have never spent time more profitably than in its attainment, and I feel perfectly free in recommending it to the common of time may be saved, and that too with far less effort than is generally supposed. Its principles are lew and simple, of casy attainment and suited to the full expression of every word in the language, either for present use or permanent resord.

Pastor of the 24 Presbyterian Church,
